

We are so delighted to have you back in our building but want to take the greatest of care of you, and our staff. We are taking the following precautions;

Sanitizers will still be available on entering The Hive and all the rooms within it. Please use them.

There will be QR codes for you to scan as part of the **Government's Track and Trace policies**.

Our cafe bar and reception desk will still have **a protective screen** up.

We would prefer if you would **wear a face mask** whilst in our building to protect yourself and others. If you choose to wear one or not your choices will be respected by all.

All areas will be well **ventilated**.

We would encourage you to **keep a safe distance** from each other, where possible.

THANKS FOR HELPING US , HELP YOU, KEEP SAFE.
